PROFESSIONAL SUMMARY

Driven and focused North-West University (NWU) student pursuing a BSc IT Degree, with developing expertise in database design, database management system (MySQL, PostgreSQL, SQL Server, Oracle), operating systems, networking, programming, web development using C#.NET MAUI, and basic cybersecurity principles. Demonstrated ability to write intermediate-level programs, create and maintain databases, collaborate effectively in team projects, conduct research, and analyze data. Possesses strong communication, problem-solving, and time-management skills, with strong passion for Database design and Administration. Committed to applying academic knowledge and practical skills to contribute to a company's success through hard work and continuous learning.

EDUCATIONAL QUALIFICATION

- **Matric**

School	: Nkgopoleng Bakone High School
Year of matriculation	:01/01/2020 – 31/12/2020
Subjects passed	: Life Orientation, English FAL, Sepedi HL, Mathematics, Life Sciences, Geography, Agricultural sciences.

- **University**

Institution	:North-West University
Enrollment	:Current
	2022 – 2025
Programme Outcomes	: Introduction to computing and programming, Structured programming, User interface programming, Object oriented programming, Apps and advanced user interface programming, Communication skills, System analysis and design l, information security, Data Structures and algorithms, Data analytics, Discrete Mathematics, System analysis and design ll.

TECHNICAL SKILLS

- Operating Systems: Windows, Linux
- Database & Server Management: MS SQL Server, MySQL, PostgreSQL
- Networking: TCP/IP,VPN, LAN/WAN, Packet Tracer
- Web Development: Desktop and web application development using C#, .NET MAUI, Java and Python
- Tools: Active Directory, Microsoft Office 365, Visual Studio and VS Code, Git Hub, Docker, Draw.io, PostgreSQL, Dbeaver.

- Programming: C++, Java, Python, C# with ASP.NET
- Cybersecurity: basic cybersecurity principles. (Vulnerability assessment, firewalls, encryption, penetration testing).

SKILLS

- Strong Communication
- Problem solving
- Customer experience focus
- Efficient decision making
- Coaching and mentoring
- Time management

CERTIFICATIONS

- FROM LINKEDIN
  - AWS Certified Cloud Practitioner (CLF-C02) Cert Prep: 1 Cloud Concepts
  - Microsoft Azure Fundamentals (AZ 900) Cert Prep by Microsoft Press
  - Career Essentials in System Administration by Microsoft and LinkedIn
  - Cybersecurity Awareness: Cybersecurity Terminology
  - Cybersecurity Foundations
  - The Cybersecurity Threat Landscape
  - Google Cloud Digital Leader Cert Prep: 1 Digital Transformation with Google Cloud
- Cyber Security Training, 12/01/24, Chongqing Polytechnic University of Electronic Technology - China
